Student Health and Safety Protocol for Courses in
Animal Sciences Research Center (ASRC) 103, S136, S145, S146 & S147

Access

- Entrance doors of the building open at 7:30 am and will lock at 5:00 pm unless evening class is scheduled.
- Exit only doors will remain locked and should only be used for exiting the facility.

Enter traffic pattern for students

- Enter the facility only through the doors marked as Entrance (noted in green)
- Wait, socially distanced, in the Lobby, S115 Study/Computer, S117 Lounge, and Hallways (only near areas marked for entering the various rooms (stay clear of any area marked as exit only).
- Wait for previous class to dismiss before approaching the entry door.

103

- Enter the room via the door marked with the green arrow on the attached map.
- Exit via the red arrow and proceed out of the building into the courtyard.

S136

- Enter via either of the two doors marked with a green arrow on the attached floorplan.
- Exit via the door at the front of the room marked red and proceed out of the building via the North Exit

S145

- Enter through the door marked green (see attached floorplan).
- Fill room from front to back.
- Exit via the red arrow at the front of the room and proceed out of the facility using the North Exits

S146

- Enter through the door marked green (see attached floorplan).
- Fill room from front to back.
- Exit via the red arrow and proceed out of the facility via the Courtyard Exit #1

S147

- Enter through the door marked green (see attached floorplan).
- Fill room from front to back going to the furthest empty seat away from the entrance.
- If sitting on the left-hand side of the room (when facing the projector screen) exit via the lower Courtyard Exit #2 and if sitting on the right-hand side of the room (when facing the projector screen) exit out to the Courtyard Exit #1 located at the back of the room.

Please follow these entering and exiting rules even if your next class will be in this facility. Exit the building and re-enter with the flow of traffic.
