

Mumford 128 Classroom Technology

Upon entering the room

1. Turn on the TV Display using the LG remote control. Display.
2. If the computer is not on, press the power button located on the front of the Dell box on the right back side of the screen.
3. THE CAMERA SHOULD BE LEFT ON. IF it is not, use the remote control to turn on the camera. The arrow and zoom buttons on the remote can be used to direct the location of the camera.
4. Log onto the computer. You may need to select "Other User" to enter your logon credentials.

If using Zoom or Panopto to record you should have completed all of these steps.

When using Zoom be sure to start Screen Sharing before starting the PowerPoint Screen Show.

If you have trouble with your Sound output be sure that the Sound output device is set to "PICK ME TV (Intel® Display Audio)".

If you have trouble with the Microphone, be sure the Sound Input device is set to "Microphone (Scarlett 2i2 USB)"

If any of the devices are not working leave everything plugged in and turned on then RESTART the computer.

When recording with Zoom be sure you save the recording to the cloud and NOT to the local computer.

Laptop Use

There is no option to use a laptop with the in-room technology.

DO NOT unplug any of the in-room cables from where they are currently located.
